Hashtag Basics – Ours is #FRPT2024 – Use it!

Don't forget to include **#FRPT2024** in your posts to stay connected and discover what others are sharing in real time. Follow the hashtag on your social media platforms to keep up with the latest updates and join the conversation.

Why use hashtags?

- Hashtags connect you to discussions on the same topic.
- Including **#FRPT2024** makes your posts visible to the FLASH radiotherapy community.
- Engage with like-minded professionals and expand your network.
- **Some easy ways to share your FRPT 2024 experience:**
 - Live tweet from sessions, workshops, and the exhibition. Mention **@FRPT2024** and use the hashtag **#FRPT2024**.
 - Share highlights and insights from sessions, tagging **@FRPT2024** on all platforms.
 - Post photos and updates before, during, and after the event, using the hashtag.

- Like, share, and comment on posts from FRPT 2024 and fellow participants.

Suggested ways to connect with other participants:

- Engage with social media content using **#FRPT2024**.
- Follow and interact with speakers, organizations, and attendees online.
- Stay active on FRPT 2024's official channels before, during, and after the conference.

Are you ready to be part of – or even drive – the #FRPT2024 conversation on social media? We're excited to "hear" your voice in the online discussion!
