

Welcome to FRPT 2024

Dear Friends and Colleagues,

It is with genuine excitement and great pleasure that we extend our invitation to the **4th Flash Radiotherapy and Particle Therapy Conference (FRPT 2024)**, which will be held in **Rome, Italy** on **4-6 December, 2024**.

FRPT 2024 brings together leading researchers in the field and provides a multidisciplinary forum which unites researchers and students (from academia and industry) with professionals working in clinical oncology (clinicians, medical physicists, dosimetrists, radiotherapy technologists and nurses). This conference is dedicated to fostering collaboration, knowledge exchange, and provides an excellent opportunity to discuss the latest developments in FLASH RT.

With the invaluable guidance of our distinguished Scientific Committee and International Advisory Board, FRPT 2024 will feature an array of sessions spanning the breadth of FLASH RT advancements – from discovery science research to innovative clinical applications. The conference features plenary sessions and insightful discussions led by prominent experts in the field. FRPT 2024 is your opportunity to be involved in shaping the future of this rapidly evolving discipline.

Stay tuned for forthcoming announcements regarding abstract submissions. Your contributions stand as the foundation of our collaborative journey.

Beyond the scientific discourse, FRPT 2024 promises not just a scholarly exchange but also an enriching cultural experience amidst the timeless charm of Rome. Engage in the city's captivating history, diverse cultural tapestry, and delectable cuisines, fostering enduring connections with colleagues and peers.

Join us in Rome, where innovation meets tradition, and discoveries unfold at FRPT 2024. Your presence and expertise will undoubtedly enrich this esteemed gathering, shaping the future of FLASH RT.

We eagerly anticipate meeting each one of you in the vibrant city of Rome, where we can share insights, foster connections, and collectively advance our field.

Warm Regards,
